

I walk with the Triune God and Jesus has given me the gift of the Holy Spirit to convict and conform me more to the image of Christ. I am convicted monthly, weekly, hourly, and moment to moment given the state of the world. To attempt to use my past against my present is inherently against the nature of a Christian's walk with Christ. We are renewed every time we ask for forgiveness and are able to turn from our sin. If I had used vaccines with aborted fetal cell lines it was before the Lord made me aware and convicted me thereof. Furthermore, a Christian need not refuse all medical treatment but as Jesus said..... it is not the healthy who need a physician but the sick. If I am sick I am within my faith to seek treatment, but to bypass my God-given systems to be injected with a foreign substance is unclean (per Leviticus) and goes against the faith-based nature of my daily walk with God. (see the Gospel of Matthew, Mark, Luke and John)
